EDUCATION

Mekelle University, Ethiopia Bachelor of Science in Information Technology **Expected Graduation: 2027**

PROFESSIONAL SUMMARY

Motivated and enthusiastic Information Technology student at Mekelle University, expected to graduate in 2027. Passionate about Software Engineering, Web Development, Mobile Application Development, and Open Source Technologies. Currently seeking a Software Engineering Internship to gain real-world industry experience, collaborate with professional development teams, contribute to impactful software projects, and deepen understanding of software development processes, system design, and industry best practices.

TECHNICAL SKILLS

Languages: Java, JavaScript, PHP, Python (Basic), C++

Frontend: React.js, HTML5, CSS3, Tailwind CSS, Vite

Backend: Node.js, Express.js, PHP, REST APIs

Mobile App Development: Kotlin (Android Development)

Databases: MySQL, MongoDB

Tools: Git, GitHub, VS Code, IntelliJ IDEA, Postman, Figma

Concepts: OOP, Data Structures & Algorithms, Database Design, Responsive Web Design

SOFT SKILLS

Problem Solving, Team Collaboration, Communication, Adaptability, Time Management, Continuous Learning, Attention to Detail

PROJECTS

Online Examination System

Tech Stack: React.js, Tailwind CSS, Node.js, Express, MongoDB, socket.io

- Developed a web-based examination management system as part of academic coursework.
- Implemented features for student registration, question management, and result tracking.
- Designed database structures to securely store student and examination data.
- Applied software engineering principles throughout the development process.

Frontend Web Development Projects

- Developed responsive websites and landing pages using modern frontend technologies.
- Focused on clean user interfaces, responsiveness, and user experience.
- Built reusable React components and optimized layouts for multiple screen sizes.

Published and maintained personal projects through GitHub and Vercel.

Personal Portfolio Website

<https://portfolio-ten-alpha-1p33m5prk6.vercel.app/>

Tech Stack: React.js, Vite, Tailwind CSS

- Designed and developed a personal portfolio website showcasing projects, skills, and technical experience.
- Implemented responsive layouts and modern UI design principles.
- Deployed the website using a modern hosting platform.

CERTIFICATIONS

ALX Professional Foundations

[alx professional foundations](#)

ALX Africa

- Completed professional training focused on communication, teamwork, problem-solving, leadership, and workplace readiness.

Fundamentals of Programming

[fundamentals of programming](#)

Udacity

- Learned programming fundamentals including problem-solving, algorithms, variables, functions, data structures, and object-oriented concepts.

Android Development with Kotlin

[andriod development with kotlin](#)

Udacity

- Developed foundational Android development skills using Kotlin.
- Built mobile applications while learning Android components, activities, layouts, and application lifecycle concepts.

OPEN SOURCE & COMMUNITY INTERESTS

Interested in contributing to open-source projects, collaborating through GitHub, and continuously learning modern software engineering practice
