PROFESSIONAL SUMMARY

Full-stack and mobile developer pursuing a B.Sc. in Information Technology at Mekelle University. Builds end-to-end web applications with React.js, Node.js, and MongoDB, and Android apps with Kotlin — from database schema design through deployed, responsive UI. Comfortable working independently across the stack, shipping projects to GitHub and Vercel, and picking up new tools quickly. Looking to grow as a software engineer on a team building real products.

TECHNICAL SKILLS

Languages Java, JavaScript, PHP, Python (Basic), C++

Frameworks & Libraries React.js, Node.js, Express.js, Tailwind CSS, Vite

Mobile Development Kotlin (Android Development)

Databases MySQL, MongoDB

Tools & Platforms Git, GitHub, VS Code, IntelliJ IDEA, Postman, Figma

Concepts OOP, Data Structures & Algorithms, Database Design, Responsive Web Design

PROJECTS

Online Examination System

Stack: React.js, Tailwind CSS, Node.js, Express, MongoDB, Socket.io

- ▶ Built a full-stack exam management platform enabling student registration, question authoring, and automated result tracking.
- ▶ Modeled a MongoDB schema to securely store student records and exam data, with role-based access for administrators and students.
- ▶ Integrated Socket.io for real-time exam state updates, and structured the codebase around core software engineering principles for maintainability.

Personal Portfolio Website portfolio-ten-alpha-1p33m5prk6.vercel.app

Stack: React.js, Vite, Tailwind CSS

- ▶ Designed and built a personal portfolio site to showcase projects, technical skills, and experience to recruiters and clients.
- ▶ Implemented fully responsive layouts and a modern component-based UI with Tailwind CSS.
- ▶ Deployed and continuously maintained the site on Vercel with a Git-based workflow.

Frontend Web Development Projects

- ▶ Built and shipped multiple responsive websites and landing pages, translating designs into clean, reusable React components.
- ▶ Optimized layouts across screen sizes to deliver consistent UX on mobile, tablet, and desktop.
- ▶ Maintained a public GitHub portfolio of deployed projects, following version control best practices.
